Short Term Professional Development Programme for SLEAS Officers in ICT

Considering the service rendered by the zonal and provincial ICT coordinators, the Ministry of Education has planned to grant short term foreign training opportunities to skilled and qualified SLEAS officers who have the ability to enhance & improve ICT subject.

2. Hence the Ministry of Education calls open applications form the relevant officials and the application is attached annex 01. It should be given a recommendation for their interviews by the Provincial Director of Education including whether there are disciplinary/ audit/ investigation actions have been taken against so called officials.

3. The officials who expect to apply for this foreign training should have completed 3 years full time working period in the Zonal/ Provincial Education office as the ICT coordinator. The Officials who are covering duties as the ICT coordinators while fulfilling duties of another subject (for more than 3 years) also can apply for this.

4. The selection priority is given to the SLEAS officers who are appointed for ICT subject.

Your assistance in this endeavor is highly appreciated.

P.N. Illapperuma
Director of Education
Information and Communication Technology
