This Report has been prepared to be submitted to the Parliament in accordance with para 2.4.1 of the Public Finance Circular No. 402.

2013 August

Monitoring and Performance Review Branch
Planning and Performance Review Division
Ministry of Education,
Isurupaya.
Message of the Secretary to the Ministry of Education

I am pleased to submit the Annual Performance Report reviewing the performance of the Ministry of Education during the year under review specifically in a period when a meaningful and an accelerated programme is being implemented with the objective of redesigning the Education in order to fulfill the objectives of Mahinda Chinthana Vision for Future.

Striding forward successfully with the process of designing a National Educational Framework and a new Education Act by seeking opinions of all the parties through an extensive intellectual dialogue was a special victory achieved by us during the last year.

Construction of Mahindodaya Technological Laboratories and provision of modern equipment and empowering the teacher required in the field of education which is a basic component of the programme of developing 1000 of Mahindodaya Secondary schools which directs children towards the utilization of practical techniques of learning while providing opportunities to enhance their creativity understanding the fact that it is not sufficient to be equipped merely with the theoretical knowledge within the competitive context of the education for achieving social progress as well as individual betterment, has become a pivot in the performance gained by the Ministry of Education during the previous year.

The introduction of G.C.E. (A/L) Technological subject stream through 250 schools which is related to National Professional Qualifications as a measure of strengthening the responsibility entrusted upon the school in relation to laying the foundation and providing the prior guidance in order to surface the maximum potentials of children and thereby directing them to achieve higher standards of living and to make them useful citizens to the society is a turning point in the education of this Country.

Further, I would like to place on record that all the necessary steps have been taken to find firm solutions to issues which prevail over a lengthy period of time in relation to professional services in the field of Education through a well planned process by obtaining opinions of all the stakeholders.

The consistent effort of the Ministry of Education is to contribute in the creation of a better society while handling the process of Education through all the profiles inclined towards the creation of a future generation enriched with novel knowledge, skills and good moral values.

Anura Dissanayake,
Secretary,
Ministry of Education.
Main Divisions, Key Posts and Key Officials of the Ministry of Education (as at 31.12.2013)

Minister of Education
Hon. Bandula Gunawardena

Deputy Minister of Education
Hon. Mohan Lal Grero

Secretary
Mr. Anura Disanayaka

Planning and Performance Review Division
Additional Secretary - Mr. S.U. Wijerathne

Education Quality Development Division
Additional Secretary - Mr. H.U. Premathilaka

Education Services Establishment Division
Additional Secretary - Mr. Upali Marasingha

School Supplies, Services and Construction Division
Additional Secretary (Acting) - Mr. N.H.M. Chithrananda

Administration and Finance Division
Additional Secretary - Mr. N.H.M. Chithrananda
Chief Accountant - Mr. S.P.N. Samarasingha
Content

1. Overview of the Ministry of Education

   1.1 Responsibility of the Ministry of Education  
   1.2 The functions of the Ministry of Education  
   1.3 Institutions affiliated to the Ministry of Education.

2. National Education Development Targets linked with the State Policy Framework of Mahinda Chinthana Forward Vision

   2.1 Educational Development Process with a broad vision  
   2.2 Educational Sector Development Framework and Programme 2013–2017  
   2.3 Implementation of new Educational Policies  
   2.4 Guidance provided by the State Leadership for the accomplishment of developmental targets

3. Ensuring the equal access and participation in the Primary and Secondary Education.

   3.1 National Programme of redesigning 1000 of Mahindodaya secondary schools  
   3.2 Development of primary school Network as per the Child friendly Approach  
   3.3 Programmes for schools with special Developmental Requirements  
   3.4 Pririven Education  
   3.5 Non-formal Education  
   3.6 Education for the children with special requirements.  
   3.7 Student welfare Programmes

4. Developmental Approach for implementing Curricular and Co-curricular Programmes

   4.1 Qualitative Development of the Primary Education  
   4.2 Special attention for improving the Mathematics Education.  
   4.3 Renaissance in the Science Education.  
   4.4 Introducing of Technological subject stream for the G.C.E. (A/L) marking a novel path of the education  
   4.5 Developmental Trends in the Educational field of Information and Communication Technology  
   4.6 Improvement of Tri Lingual skills of students.  
   4.7 Improvement of Knowledge, skills and attitudes through Humanities  
   4.8 New approach for teaching Commerce Subjects  
   4.9 Improvement of skills of students for Agriculture Development and Environmental Conservation.  
   4.10 Making Sports compulsory for every student.  
   4.11 A generation with religious discipline who safeguard values.  
   4.12 A series of programmes assisting in the development of personalities of students.  
   4.13 Enhancing the Aesthetic Skills
5. Empowering the Education Professional Services

5.1 Recruitment to Sri Lanka Teachers’ Service 33
5.2 Teachers’ Education and Teacher Development 34
5.3 Recruitment to the Sri Lanka Principals’ Service 35
5.4 Recruitment to the Sri Lanka Teacher Educators’ Service 35
5.5 Recruitment to Sri Lanka Education Administrative Service 35
5.6 Various Professional Development Programmes 36
5.7 Issuance of Instructions Manuals and Circulars 36
5.8 Participation for Foreign Trainings and Seminars 37

6. Empowering the planning Management and Regulation

6.1 A strong coordination with provincial councils. 39
6.2 Formalizing the private school activities. 39
6.3 Empowering the Institutions Assisting the Education Development 40
6.4 Evaluation Process of Schools and Education Institutions 40
6.5 Productivity Promotion Programmes 41
6.6 Education research approach 41

7. Financial investments and expenditure

7.1 Recurrent Expenditure 43
7.2 Capital Expenditure 44
7.3 Total Education Expenditure 44
7.4 Investments for Constructions - 2013 45
7.5 Investment for Furniture and Equipment 46

8. Investment of Foreign Grants.

8.1 Education for Knowledge Society Project (EKSP) – ADB Funded 49
8.2 Transforming the school Education System as the Foundation of a Knowledge Hub project. (TSEP) – World Bank funded programmes. 51
8.3 Programmes which received other foreign aids. 52

9. Student Performance

9.1 Student Performance at the grade five scholarship examination 53
9.2 Student Performance at the G.C.E. (O/L) Examination 53
9.3 Student Performance at the G.C.E. (A/L) Examination 54
9.4 Actions to Upgrade the Student Performance 54
9.5 National Evaluation on Student Performance in Grade 8 55

Annexure

Annexure 1 : Circulars Issued in Year 2013 59
Annexure 2 : Senior Designations and Officers of the Ministry of Education at 31.12.2013 61

Chapters 1 - 9
1. Overview of the Ministry of Education

Vision

To reach excellence in global society through competent citizens who share the Sri Lankan Identity.

Mission

Development of the human resource of Sri Lanka by the production of virtual, skillful and creative citizens enriched with wisdom, values, strength and health and fond of their parents, teachers and mother land and become resources to the globe.

1.1 Responsibility of the Ministry of Education.

The pioneer responsibility of redesigning and effective implementation of education applicable to the changing world as emphasized under the State Policy Framework of Mahinda Chinthana Forward Vision.

Since the responsibility of implementing the Provisions and Regulations imposed by the Acts pertaining to the field of education has been assigned to the Central Ministry, implementation of National Educational Policies in coordination with the Provincial Authority of Education has become one of the major roles assigned to the Ministry.

Adequate provision of human and physical resources which are the prerequisites for the guarantee of the Educational Standards and launching a systematic supervisory process is among the responsibilities entrusted upon the Ministry of Education.

Following up activities and maintenance of qualitative guarantee pertaining to responsibilities such as evaluation and estimation of school curriculum and text books assigned to the institutions which are under the purview of the Ministry of Education are among the responsibilities that have been entrusted to the Ministry.
1.2 The functions of the Ministry of Education

- Interpretation and use of National Policy of Education positioning in the broad objectives of education providing recommendations and feedbacks to National Education Commission regarding the formulation and modernization of National Policies of Education.

- Planning, implementation, regulation, progress review and evaluation of educational activities in conformity with National Objectives and Policies.

- Maintenance of international relationships of bi-lateral and multilateral nature and functioning in co-ordination with regional and international organizations.

- Determination of standards of the general education and making arrangements required for the maintenance of such standards and developing creative activities of schools and the other educational institutions.

- Development, implementation and evaluation of Curricula related to general education, teacher education, special education and Pirivena education.

- Conducting research by identifying the fields for research with the objective of developing education and using such results in the process of education.

- Maintaining and reviewing of evaluation methods appropriate for the National level Certificate Examinations, Subject Examinations and Aptitude Tests.

- Development of human resources required for a strong and qualitative process of education.

- Evaluation of the management and performance of Teacher Educational Institutions and National Schools which are under the purview of the Ministry of Education.

- Instructing, coordinating and reviewing the Provincial Authorities of Education regarding the educational management and implementation of Programmes.

- Implementation and supervision of projects which are assisted by foreign-aided.

- Determination of specifications and standards for learning aids, education buildings and equipment and development of plans.

- Provision of texts books, uniforms and services and goods that are to be supplied in national level.

- Estimation and allocation of provisions for all the capital expenditure of the Ministry of Education and recurrent expenditure of the Ministry of Education and institutions under the purview of the Ministry and implementation of a formal financial management system.

- Administration of the Service Minutes of all the Services under the purview of the field of education.

- Conducting a proper internal control in the Ministry of Education and institutions under the purview of the Ministry.

1.3 Institutions affiliated to the Ministry of Education.

- Provincial Departments of Education
- Department of Educational Publications
- Department of Examinations, Sri Lanka
- National Institute of Education
- Sri Lanka National Commission for UNESCO
National Education Development Targets linked with the State Policy Framework of Mahinda Chinthana Forward Vision.

2.1 Educational Development Process with a broad vision.

Twelve National Targets linked with National Educational Policies have been identified with the objective of transforming Sri Lanka into a Knowledge Hub in conformity with “Mahinda Chinthana Forward Vision (2010)”, the strategic development approach and the Ministry of Education was able to perform a great role in the year 2013 for the accomplishment of the targets by the year 2016.

National Education Development Targets

1. Ensuring the access to education for all the children in the age of compulsory education and increasing the percentage of participation in the G.C.E.(O/L) from 85% to 90%.
2. Re-designing of 1000 Mahindodaya Secondary Schools and 6500 Primary Schools with Child Friendly Approach.
3. Increasing the percentage of passing the G.C.E. (O/L) examination from 61% to 75%.
4. Increasing the percentage of passing the G.C.E. (A/L)
   Science Stream from 50% to 53%
   Commerce Stream from 51% to 60%
   Arts Stream from 59% to 63%
5. Increasing the G.C.E. (A/L) Participation in
   Science and Technology Stream from 21% to 40%
   Commerce Stream from 27% to 35%
   effecting a Structural change in the Arts Stream.
6. Increasing the percentage of teachers with professional qualifications from 81% to 90%
7. Increasing Students’ IT literacy from 35% to 75% and the percentage of teachers with IT skills from 30% to 75%
8. Laying the foundation for 100,000 students leaving schools after G.C.E. (O/L) and (A/L) to obtain National Vocational Qualifications at school level
9. Ensuring trilingual learning opportunities at all schools as the basis of promoting teacher-student generation who value social reconciliation.
10. Broadening opportunities for Sports, Aesthetic activities and Co-curricular activities at all schools as the basis of producing a student generation with good personality and physical fitness
11. Broadening opportunities for Aesthetic activities and co-curricular activities.
12. Marking all the education institution as the institutions with the National Productivity Standards to provide services of excellence.
A National Strategic plan has been designed as per the rolling planning process for the period of 2013-2017 as an extension of Educational Sector Development Framework and Programmes (ESDFP) 2013-2017 with the objective of “Transforming the school system as the human capital foundation for knowledge economy” which had been implemented in the period of 2012 - 2016. The National Strategic plan which has been launched as “Education First” has been organized under 3 policy themes and a foundation theme.

Theme 1 : Enhancing equitable access to primary and secondary education

**Expected Outcomes**

- Increase in the participatory ratio of students up to grade 11 (up to 16 years of age)
- Increase in the ratio of students who pass from grade 9 to grade 10.
- Increase in the ratios of gross admissions and net admissions.
- Minimization of the numbers of students not attending schools as per the targets determined by the Provinces.
- Development of 1000 Secondary schools and 5,000 primary schools under the School Development Programme for primary school Network.
- Creation of investments and secured school system through a higher standard learning environment.
- Provision of basic and higher level of learning facilities to all the schools according to the national standards.
- Implementation of Non formal and special educational Programmes effectively.
- Establishment of equal educational opportunities to have primary and secondary education for children with special educational needs .
- Provision of basic facilities to Pirivena

Theme 2 : Uplifting the quality of the Primary and Secondary Education

**Expected Outcomes**

- Reforming and updating the national curriculum to meet the demand of the world of work and to establish the acquisition of competencies.
- Guarantee the provision of education in the First Language (Mother Language).
- Diversification of the curricula of Mathematics and Science according to the potentiality of students.
- Establishment of a Content of subjects and a Language Integration Frame work for a bilingual education.
- Introduction of at least 3 sports to students in all the secondary schools.
- Establishment of an Institutional Teacher Developmental Frame work within the system of Education.
- Item Responsive Analysis has been declared for the subjects of Mathematics Science, English and Mother language (Sinhala and Tamil languages) under the G.C.E. (O/L) and for subjects such as chemistry, Physics, Mathe-
Sitting the G.C.E. (Advanced Level) Examination by students in the year 2016 in the following percentages under each subject stream.

- Increasing the No. of students sitting in the Science subject stream up to 40% in the year 2016 which was 22.5% in the year 2010.
- Increase of the No. of students sitting in the Commerce Subject Stream up to 35% in the year 2016 which was 25.2% in the year 2010.
- Maintenance of the No. of students sitting in the Arts subject stream in the level of 25% by 2016 which prevailed as 52.3% during the year 2010.
- Initial Implementation of the National Evaluation Methodology enabling measurement of the achievement level of the students in primary and secondary grades.
- Implementation of a remedial teaching methodology to meet the learning requirements of students with low level of performances and provision of facilities in that regard.
- Teams of observations functioned towards enhancing the quality of school text books and accordingly achieving the 100% appropriateness of the relevant text books especially enhancing the quality of subjects such as Language, History, English, Mathematics and Science.
- Promotion of National programme on social integration in schools.
- Strengthening the implementation of Career Guidance and Counseling Programmes.
- Investigating and updating the standards and quality programmes and implementation of the programmes in all the Provinces.

**Theme 3: Strengthening of the Good governance in education and provision of Services.**

**Expected outcomes.**

- Completion of relevant steps of the Programme for School Improvement and continuation of processes such as planning and updating plans for the development of schools
- Development, establishment of School Development Societies, School Development Committees and School Management Committees for the development of schools and implementation of training programmes in that respect.
- Power and authority of making decisions have been delegated to schools.
- Maintenance of a strong Child Friendly Access in all the Primary schools.
- Obtaining the service of Teacher Educationists with professionalism.
- Employment of principals with professionalism and skills.
- Higher level of participation of principals in professional Development Programmes.
- Strong implementation of Zonal offices of Education as Management/ Administration Units and Divisional Offices of Education as Educational Developmental Programmes.

**Foundation Theme:**

Educational Sector Development Rolling Plan.

**Expected Outcomes.**

- Establishment of Educational Policies and Planning Culture based on information and data.
- Preparation and updating of Educational Sector Strategic Rolling Plan and Annual Action Plan.
- Continuous implementation of a National Evaluation Methodology for primary stage (grade 4 for subjects such as Mother language, Mathematics and English) and secondary stage (grade 8 for subject such as Mathematics, Science and English) for evaluating the learning achievement level of students and utilization of information disclosed in that procedure for the preparation of Strategic Rolling plan and Annual Action Plan.
- Gradual increase in the provision by 4.2% by the year 2016 when compared with the provisions of 3.2% allocated in the year 2011 from...
2.3 Implementation of new Educational Policies.

2.3.1 New Education Act linked with New Education Policy and a Series of Proposals.

Subsequent to obtaining the approval of the Special Parliamentary Committee on Educational Activities for the newly established educational policies and the series of proposals for the general education of Sri Lanka, they have been submitted to the Cabinet of Ministers and the Parliament of Sri Lanka respectively.

A Cabinet Sub Committee and a Committee Comprised of Secretaries to Ministries have been appointed for reviewing and for submitting recommendations for the Policies and the Series of Proposals.

2.3.2 Extension of the age limit of Compulsory Education up to 16 years.

Arrangements had been made to increase the age limit of Compulsory Education up to 5-16 years which has already existed as 5-14 years. This can be introduced as a very significant step taken with a view to safe guarding Children rights of education.

The objectives are to make children stay at school until they sit the G.C.E. (O/L) Examination and to avoid Children become child labourers.

2.4 Guidance provided by the State Leadership for the accomplishment of developmental targets.

His Excellency the President met officers at the Ministry of Education, Isurupaya on 18th of February 2013 for reviewing the progress of the entire mechanism for the accomplishment of targets which are assigned to the Ministry of Education in conformity with the Strategic Developmental Approach of Mahinda Chinthana forward Vision.

Major decisions taken at the meeting and steps taken by the Ministry in that regard have been mentioned here.

- Issuance of Circulars for guarantee and making the subjects of Mother Languages Religion and History included in the Curriculum of all the international schools teaching of such subjects compulsory and preparation of a
A program for supervision and regulation.

- A committee had been appointed to obtain recommendations for the regularization of International and private schools and the report including the recommendations of the Committee had been forwarded to the Cabinet of Ministers.

- A Cabinet Memorandum had been submitted for making the teaching of the Mother Language, Religion and History in International Schools Compulsory.

Immediate introduction of a novel methodology of assigning the full responsibility of admitting children for all the grades of schools to the relevant management of the school after obtaining the formal approvals.

- A Cabinet Memorandum in this regard had been submitted.

Marking immediate arrangements to prepare the background required for the introduction of a national policy for pre childhood development with the guidance of the presidential Secretariat in collaboration with the National Education Commission.

- Arrangements have been made to obtain opinions of teachers and parents by observing preschool of all the Provinces and initiatives have been taken to draft a policy in collaboration with Governmental and Non Governmental Organizations which function in relation to pre childhood development.

- The subject called as sports has been included in the Curriculum in addition to theoretical subjects and preparation of a methodology of providing marks for that subject also with the intention of improving the mental condition and personality of school children.

- A Programme for making sports compulsory for every child had been prepared and the approval has been obtained in collaboration with the Ministry of Education, Higher Education and Sports. Steps have been taken to execute the programme in school level.

- Issue of new circulars by conducting discussions with the Provincial Councils regarding the informal collection of money from school students for the developmental activities of schools.

- The Circular No. 2013/11 dated 31.10.2013 has been issued preventing informal money collection.

- The Documentation of assets of schools and the establishment of a transparent accounting process.

- The new circular and Instructions Manual on planning and procurement has been prepared and provided to schools for the school based qualitative, quantitative and structural development. All the procedures relating to the documentation of assets are included therein.

- Appointment of an Advisory Committee comprised of Divisional Secretary, a University lecturer or an intellectual recognized by the society, an engineer and a representative of the Clergy for monitoring the School Developmental activities and for providing guidelines and implementation of that methodology along with the 1000 School Programme.

- Action has been taken to execute a pilot programme in several selected schools as an initiative.
3. Ensuring the Equal Access and Participation in the Primary and Secondary Education.

3.1 National Programme of redesigning of 1000 Mahindodaya Secondary Schools.

3.1.1 Objectives of redesigning of 1000 Mahindodaya Secondary Schools.

The Programme of redesigning 1000 of Mahindodaya Secondary schools initiated in the year 2010 has been implemented for the accomplishment of the following objectives.

- Achieving a quantitative, structural and qualitative Development in the education through the secondary schools which are fed by several Primary schools.
- Conversion of Secondary schools into fully developed schools by the procurement of physical and Human resources which are necessary for Secondary schools.
- Identification and planning of developmental strategies in Collaboration with primary schools.
- Conversion of schools into excellent Educational Centres and the Production of citizens having better moral values.
- Reducing the demand for popular schools in urban areas.
- Ensuring the equal access to education in all the areas of the Island.
- Increasing the number of students learning in Science, Mathematics, Commerce and Technology subject streams in the Advanced Level.
- Redesigning of at least 3 of 1AB schools in every Divisional Secretary’s Divisions.
- Initiation of at least one Mahindodaya Technological Faculty within a school in every Divisional Secretary’s Division and thereby direction of students to follow the Technological Subject Stream prescribed for the Advanced Level introduced in the year 2013.
- Direction of students having a greater knowledge in the field of Science, Mathematics, Technology Commerce, Arts and Aesthetics to the labour Market.
- Extension of Information Technological education and the development of Language Proficiency up to the village level.
- Construction of attractive and Child friendly Primary schools around/ surrounding the Secondary schools.

3.1.2 Provision of opportunities for high quality learning based on Mahindodaya Technological Laboratories.

A technological laboratory is being constructed in every Mahindodaya Secondary school spending an amount of Rs. 60 million and it is comprised of an Information Technological Laboratory with 41 computers, Mathematical Laboratory with a mathematical instruments, Language Laboratory with 20 computers and specific software used for learning languages and associated equipment and a “Nenasa” unit having distant Educational facilities.

Likely, biological, chemical and physical equipment and chemicals are provided to every Mahindodaya Secondary School and biological, chemical and physical Science laboratories will be established in the Mahindodaya Technological Laboratories for the commencement of Advanced Level Science Subject Stream in schools in which the subject stream has not yet been established.

Completion of the construction of Mahindodaya Technological Laboratories in 616 schools in the year 2013 and a progress of about 50% had been achieved in the construction of Mahindodaya Technological Laboratories in 327 schools. Action has been taken to expedite the construction of the balance 58 schools.

Equipment has been ordered for 150 Mahindodaya Technological Laboratories and arrangements have already been made to distribute the equipment among schools and to place such equipment inside the Mahindodaya Technological Laboratories. Mahindodaya Technological Laboratories in 22 schools had been dedicated to the students of Sri Lanka in the year 2013.

Creating awareness among provincial and zonal officers, principals and teachers regarding Mahindodaya Technological Laboratories.

03 Awareness programmes had been conducted in provincial Level and many Awareness Programmes had been conducted in zonal and school level in the year 2013 regarding the effective use of Mahindodaya Technological Laboratories for the accomplishment of the objectives of the National programme of Developing 1000 Secondary schools.

A Instructions Manual regarding Mahindodaya Technological Laboratories had been published.

In concurrence with this, a Co-ordination Officer had been appointed by the Provincial Directors of Education for each and every Mahindodaya Secondary school and a manager and teachers in charge of units had been appointed from among teachers for every Mahindodaya Technological Laboratory and they had been assigned a specific role.

3.1.4 Provision of teacher requirement on school based system.

It had been targeted to recruit 3000 teachers through school based system in order to confirm the provision of teachers to these schools for confirming the introduction of novel technologies of learning the subjects of Science, Mathematics, Information Technology and English with the use of modern facilities.

No. of Teachers recruited on school based system in the years 2012 and 2013

The target could not be accomplished owing to the fact that a certain number of teachers had not assumed duties and adequate number of applications were not received from graduates for the subject of English, action will be taken for recruiting teachers again in the future.

3.1.5 Training of Principals.

A fundamental programme was implemented with the intention of improving management skills of principals in 1000 secondary schools.

3.1.6 Provision of school Development grant.

A financial grant of Rs. 5 lakhs per school for the improvement of basic infrastructure facilities for schools of first and second phases. Financial grants on school development and Maintenance were provided to 1000 schools while special financial grants were provided to 104 schools under EKSP project.
3.1.7 Overall investment

An overall investment of about Rs. 25,000 million will be for the construction of 1000 Mahindodaya Technological Laboratories and for the provision of computer including modern equipment to computer laboratory Science, laboratory Mathematical Laboratory (Ganitragaraya) Language Laboratory and Nenasa District Education Unit.

The expenditure incurred in this regard was Rs. 4500 million in the year 2013.

3.1.8 Growing tends.

Increase in the number of students of such schools by 24,395 with the development of 410 Secondary schools in the 1st phase in the years 2012—2013 and the increase of the number of students by 39,264 as a whole with the development of another 418 schools as the second phase is a significant progress.

Chart 3.1.1. :Growth of the No. of students in Mahindodaya Secondary Schools.

3.1.9 The contribution of the Education for Knowledge Society Project (EKSP) for the development of Mahindodaya Secondary Schools.

Arrangements have been made to develop 100 of Mahindodaya Secondary Schools attractively with fully equipped laboratories at the expenditure of the Education for Knowledge Societies Project (EKSP) which is funded by the Asian Development Bank.

Special Programmes were implemented for the development of the capacities of the principals of these schools.

- Construction of 17 schools out of the 100 schools had been completed and such schools had been dedicated to the students of Sri Lanka in the year 2013 and accordingly a total of 71 schools have already been dedicated to students.
- Financial grants have been released for 854 schools according to the target of providing school Development and Maintenance Grants (SDMG) for 1400 secondary schools.
- Special Development Financial Grant (ADFG) for 104 Secondary schools has been released at school level.
- Constructions have been granted to the School Development Societies for the improvement of sanitary facilities in 100 schools.

3.2 Development of Primary School Network as per the Child Friendly Approach.

Since the primary school is a decisive place which molds the future of the child, steps have been taken to develop all the primary schools through 6 dimensions identifying the Child Friendly Approach as an approach of creating an environment full of appropriate and pleasant experiences.

3.2.1 Integrated Developmental Approach.

Implementation of Capacity Development Programmes and preparation of guidelines in relation to the creation of a qualitative learning environment in primary schools as per the Child Friendly Approach were executed from the year 2007 on the UNICEF funds and technical assistance.

A series of Developmental Processes have been implemented from the year 2012 with the intermediation of the Ministry of Education, Presidential Secretariat and the Ministry of Economic Department according to the Child Friendly Approach of primary school Network in concurrence with the development of 1000 Mahindodaya Secondary schools.

A financial grant of Rs. 5 lakhs each per school was provided to 5000 schools through the Ministry of Economic Development and thereby, it was possible to develop sanitary facilities and drinking water facilities and preparing the physical environment of schools attractively.

Steps have been taken to develop all the primary schools of 25 schools selected in collaboration with Provincial Councils with the intermediation of the Presidential Secretariat as model schools through the multi sectoral Contribution.

As a result of this programme

♦ At least 2 schools could be re-opened in every zone.

♦ An increase by 12% could be achieved in the admission of students to schools where the number of students is less than 50.
3.3 Programmes for schools with Special Developmental Requirements.

3.3.1. Development of National Schools.

342 number of National schools have been established throughout the Island and the direct responsibility of management of these schools has been assigned to the Ministry of Education.

The progress of the year 2013

- Qualitative Development of the Primary and Secondary Education in the National Schools.
  - Conducting Seminars for the G.C.E. (O/L) and the G.C.E. (A/L) and distribution of Compact Disks (CD) for the Seminars Conducted for the G.C.E. (A/L).
- Repairing of equipment used in the National Schools.
- Granting of Rs.60,000 each per school as provisions for 20 schools through the Ministry of Educational Services for repairing musical instruments of schools.
- Provision of Rs. 25,000/= each per school for repairing furniture of national schools.
- Provision of furniture for national schools.
  - Purchasing and distribution of 36 Duplo Machines.
  - Provision of 170 iron beds, 290 mattresses, 45 dinning tables and 150 dinning chairs for hostels.

3.3.2. Development of schools in plantation areas

This programme is implemented targeting 826 schools located in plantation areas where majority of children resided at estates are having their education.

The standard of education of plantation area can be gradually upgraded through special programmes conducted continuously in Provincial and National levels with the objective of retaining children at schools and providing them a qualitative education.

3.3.4. Development of the Tamil Medium Schools.

There are 2914 schools where teaching is conducted only in Tamil medium and out of that 1622 are in areas belong to North Eastern Provinces.

Progress of the year 2013

- Conduct of awareness programmes for 40 principals of schools where the standard of performance which is depicted by results of the G.C.E. (O/L) is low.
- Conduct of leadership training programmes for 40 selected principals in the Eastern Province in collaboration with the British Council.
A highest level of priority has been given for uplifting Pirivena Education in the year 2013. The specific feature was the ability of acquiring the following level of performances.

- Designing of a National “Pirivena” Education plan by conducting a National Seminar for obtaining opinions.
- Making amendments to the pirivena Education Act and forwarding it to the Legal Draftsman’s Department.
- The “Pirivena” Education plan (2014-2016) was offered to His Excellency the President.
- Submission of important proposals on “Pirivena” Education in the Budget Speech of the year 2013.

**Progress of the year 2013**

A qualitative growth in all the aspects of pirivena Education has been targeted through the implementation of the following programmes in the year 2013.

- Strengthening of 35 Co-ordination Officers of “Pirivena” Education under the Programme of strengthening the Co-ordination Officers.
- Training of 7,146 District “Pirivena” teachers and Teacher Instructors.
- Capacity Development of 2,746 Kruthyadi-kari/ Parivenadhipathi theros.
- Provision of Tamil language Training to 450 “Pirivena” teachers.
- Provision of training in mediation for 3052 student bhikkus.
- Provision of Leadership Training for 1,838 Senior students.
- Provision of Training on Office Management and Library Promotion for 544 Kruthyadikari bhikkus.
- Provision of Library books for 740 “pirivena”
- Provision of Furniture for selected 21 “pirivena”.
- Provision of quality inputs for 740 “pirivena”
The progress of various programmes implemented for children who are not admitted to schools even though they are within the compulsory age limit for having education and for children who had been dropped from school education and elders who had left schools has been given below.

- Creating awareness among Compulsory Education Committees in Provincial level for the implementation of Compulsory Educational Regulations.
- A survey was conducted in the year 2013 regarding the children who are not attending schools with the sponsorship of the UNICEF and UNESCO Organizations and launching its report by conducting a National Conference.
- Designing of an Action Plan on the children who are not attending schools and introducing it to Provinces and Zones.
- Provision of Non formal Educational Opportunities.

**3.5 Non-formal Education**

The progress of various programmes implemented for children who are not admitted to schools even though they are within the compulsory age limit for having education and for children who had been dropped from school education and elders who had left schools has been given below.

- Implementation of 30 literacy classes for children in disadvantaged environments.
- Conduct of 6 functional literacy classes.
- Training of 42 Consultants in Beauty Culture through Community Learning Centres.
- Purchasing of 9 Bakery tool sets for Income Generating Programmes.
- Making arrangement to upgrade 20 Non formal Courses to the level of National Vocational Qualifications (NVQ) Level.
- Taking actions to construct building in Watara prison for the commencement of a prison school with the objective of providing education for prisoners.
- Conduct of International Literacy Day Programme for 250 students learning in literacy classes and who are living in disadvantaged environments.

**3.6 Education for the children with special education needs**

**Progress in the year 2013**

- facilitation
  - Provision of spectacles and hearing aids for children with special needs.
  - Purchasing of equipment for special educational Units of the National schools and purchasing of raw materials for Braille press.
  - Conduct of 9 camps for children with special requirements.
  - Provision of Braille text books for 405 children having impairments in vision.
  - Provision of Learning Equipment.
  - Modernization of 22 Special Education
Units in schools.
- Construction of 03 Novel Special Education Units in the National Schools
- Provision of equipment for Braille press and autism Centre.
- Special Developmental Approach.
  - Taking initiatives for the employment of teachers who had the special Education training in the same field.
  - Training of 50 professionals in education for teaching sign language for children with the impairment of hearing and training of 60 professionals on Braille teaching.
- Arrangements are being made to provide with specific facilities to students with special needs for sitting National Examinations and as a result of providing such facilities, the number of students sitting such examinations and displaying higher performance levels are on the rise.

3.7 Student Welfare Programmes

3.7.1. Student Welfare Programmes

The Ministry of Education and the Ministry of Educational Services provide their contribution for students’ welfare programmes. The expenditure incurred for the programmes implemented so has been given in the following table.

3.7.2 Particulars regarding Bursary Programmes.

Bursary programmes are being implemented for the conduct of educational activities for talented children but having economic hardships.

- **Grade 5 Scholarship**: Awarding bursary of Rs.5000/- each per one child per year for 84,000 children of the system, 15,000 children of low income groups each per year.

- **Mahathma Gandhi Scholarship**: Granting bursaries annually for 150 children of low income groups following the G.C.E. (A/L) having obtained high proficiency in the G.C.E.(O/L).

- **Dialog Scholarships**: Award of bursaries annually for 30 students who follow the G.C.E (A/L) Mathematics Subject Stream having obtained a high proficiency in the G.C.E.(O/L).

- **Sisu Diriya Scholarships**: Award of 14,846 scholarships for talented children of low income families studying in grades 10-13.

- **Mahindodaya Technological Scholarships**: Initiation of Mahindodaya Technological Scholarship fund for 7000 students following the G.C.E.(A/L) Technological Subject Stream with the contribution of the salaries of His Excellency the President and the Hon. Minister of Education and with the contribution of Rs.113 million of the EKSP Project. Entering into an agreement with the Mobitel Institution and the Ministry of Education for strengthening this Scholarship Fund.

- **Sujatha Diyani Scholarship**: Initiation of Sujatha Diyani Scholarship Programme for students of low income families following the G.C.E.(A/L) Technological Subject Stream. Entering into a Mode of Understanding with the Korean Embassy for increasing this Scholarship Fund by Rs.12.5 million.
Developmental Approaches for Implementing Curricular and Co-curricular Programmes

4.1 Qualitative Development of the Primary Education

4.1.1 Qualitative Developmental Approaches
Programmes implemented for the qualitative growth of the Primary Education in concurrence with the development of infrastructure facilities in primary schools as per the Child Friendly Approach.

Progress of the year 2013

Training of teachers and preparation of learning materials.

- Preparation of a Manual on Child Friendly Activities.
- Implementation of Programmes for upgrading the results of 25 Tamil Medium National schools as well as 13 Sinhala Medium National schools which have obtained very poor results.
- Training of 491 Trainers in collaboration with National Institute of Education for providing training in Provincial Level for all the teachers who teach in primary grades and who had not obtained a Primary Education Training.
- Training of 400 teacher trainers in 8 Provinces for the implementation of multifaceted Learning methodology.
- Training of 150 teachers of 5 Provinces for the conduct of Mathematics Camps and training of 350 teachers of 9 Provinces for the conduct of English Camps as Co-curricular activities.
- Making 625 students participated in Mathematics Camps in 5 Provinces and 1200 students participated in English Camps.
- Employing 4 diploma holders of primary Colleges of Education as teachers for teaching activities of residential students in Lady Ridgeway Hospital.

Provision of Equipment

- Providing monetary provisions for the purchase of quality inputs for 206 national schools comprised of a primary section.
- Providing monetary provisions for purchasing Mathematical and Primary Educational Equipment for the 196 National Schools comprised of a primary section.
- Provision of furniture to the primary sections of 15 National Schools and provision of Computers for 33 schools.

4.1.2 New Model Primary School Developmental Project

The Development of Infrastructure as well as the development of skills of principals and teachers in primary schools selected through this project is implemented under the Consolidated Fund.

Progress of the year 2013

- Completion of the Construction of half Constructed buildings of project schools.
- Completion of Construction in 3 schools as per the provisions granted.
- Provision of equipment required for schools.
- Purchasing and distribution of 20 Western music instruments, 40 file Cabinets, 21 photo copy machines, 50 multi media equipment and 7 Duplo machines.
- Development of skills of Principals and teachers in project schools.
- Training of Principals and two primary teachers each for 475 schools.
4.2 Special Attention for Improving the Mathematics Education.

The progress of the programmes implemented for introducing Mathematics as a favourite subject and for improving the learning process by identifying the increase of the percentage of students passing Mathematics at the G.C.E. (O/L) as the major target, has been given below.

**Progress in the year 2013**

- Development of potentials of students through International Olympiad and Mathematics Competitions.
- Taking necessary steps to identify gifted students from all the Provinces and making them participated in International Competitions after providing them a systematic training.
  - Qualitative Development of the Teaching Learning Process.
  - Using Mathematical Laboratories effectively and designing a manual and a compact disk including functioning of Mathematical Instruments in the Mathematical Laboratories.
  - Taking actions to prepare Mathematics Assisted Learning Aids including all the subject matters under 6 themes.
  - Provision of Mathematical Instruments for 43 national schools which do not have Mahindodaya Technological Laboratories.
- Remedial Programmes
  - Translation of the book called as “Ganithayata Athwelak” and grade 6 Assignment book to Tamil Language and Publication of the same.
  - Making arrangements to implement an accelerated remedial programme for zones where the performance level of Mathematics at the G.C.E. (O/L) 2012 was less than 50%.
  - Making Mathematics a favourite Subject.
  - Awarding Certificates and trophies by conducting a National Mathematics Competition including Mathematics Quiz Competitions and Mathematics Dramas.
  - Implementation of programmes to develop the subject of Mathematics in the Kegalle, Kurunegala and Puttalam Districts in Concurrence with “Deyata Kirula” National Exhibition.
  - Conduct of 8 programmes for the Capacity Development of Officers in charge of subjects under the themes of Geometry and Algebra.
  - Functioning in collaboration with the National Institute of Education for training newly recruited graduates for 1000 Secondary schools.

4.3 Renaissance in the Science Education.

4.3.1 Extension of the Science Education

With the implementation of the Developmental Programme of 1000 Mahindodaya Secondary Schools, the extension of the Science Education to all the rural areas of the island was a historical turning point for establishing equal opportunities for obtaining Science Education to child generation of Sri Lanka.

Provision of Laboratory facilities through Mahindodaya Technological laboratories, Provision of 500 graduate teachers by recruiting on the school based system and the implementation of subject Developmental programmes can be specified.

The increase in the number of schools having the G.C.E. (A/L) Science Subject Stream up to 865 by the year 2013 which was 716 in the year 2010 has enhanced the opportunities of having Science Education.

Chart 4.3.1 : No. of schools having Science Education.

With that, the number of students following the G.C.E.(A/L) Science Stream has rapidly increased.

4.3.2 Graph : No. of students in Advanced Level Science Subject Stream

Chart 4.3.3 : Percentage of passing the G.C.E. (O/L) Science subject

4.3.2. Progress in the year 2013

- Obtaining Victories by making students participated in International Olympiad Competitions.
  - Making arrangement to identify gifted children from every Province and providing a systematic training for them and making them participated in International Competitions.
- Upgrading the performance level of schools which have a low level of performance in the G.C.E. (O/L) Science subject Stream.
- Training of 50 science teachers who teach for grade 6-11 selected from 6 Provinces where the G.C.E. (O/L) performance levels are low.
- Development of the subject of science in 1000 Secondary schools.
  - Training of 140 new science graduate teachers appointed to the schools.
  - Training of science teachers who teach for grade 6-11 in Sinhala medium in 100 schools from among such schools.
- Purchasing and distribution of laboratory equipment for the National schools and for all the other schools.
  - Distribution of Laboratory Equipment and chemicals to the value of Rs. 23 million for 100 schools according to the priority basis.
4.4 Introducing of Technological Subject Stream for the G.C.E. (A/L) marking a novel path in the education

4.4.1 A trend exists for practical skills.
Incorporation of Technological subject stream into the pool of subject streams of Science, Commerce and Arts prevailed in the G.C.E. (A/L) with the objective of directing students to the National Vocational Qualification (NVQ) framework at the school level for the production of a generation of skilful students applicable to the labour market excluding the traditional Pattern of Education can be stated as a historical turning point in the education of Sri Lanka. Inauguration Ceremony was conducted at the presidential Secretariat on 20th of June 2013 with the leadership of His Excellency Mahinda Rajapakse, the President.

4.4.2 Inter Ministerial Co-operation
This programme was initiated with the inter—Ministerial Co-Operation as shown below.

Obtaining the Service of 119 Technical Instructors through the Ministry of Youth Affairs and skills Development.
- Opportunities are available at Technical Colleges for Practical Training.
- Establishment of a Science and Technological Faculty at every University starting from the year 2016.

4.4.3 Initial Progress
- The No. admitted for the G.C.E.(A/L) Technological subject stream in the year 2013 was about 13950.
- Required initiatives were taken for the construction of 250 Three-storeyed Mahindodaya Technological Units.
- Necessary Action was taken to provide Equipment and machinery to all the units to the value of Rs.40 million.

- 300 technological teachers in the system were provided with a training and attached to these schools. Interviews were conducted to recruit another 600 teachers.
- Subject Instructions Manual, syllabuses and Teachers Manuals were prepared in collaboration with the National Institute of Education.

4.4.4. Future Targets
- The following higher educational opportunities are available from the year 2016 for the qualifications obtained at the G.C.E (A/L) Examination.
- 7500 students will be enrolled for the higher Technological Diploma in 25 University Colleges established by the Ministry of Youth Affairs and skills Development.
- The opportunity of entering the Vocational Technological University (UNIVOTECH).
- National Vocational Qualifications (NVQ 3) certificate will be issued at the instance of leaving the school.
The progress of the programmes implemented including infrastructure development and teacher training with the objective of implementation of learning process more effectively through the teaching of the subject of Information and Technology as well as the use of information and Technology for education has been given below.

- Provision of Computer facilities.
  - Purchasing of Computers and accessories for 47 Centres by spending Rs. 50 million which had been allocated by the Annual Budget of the year 2013 for the development of the Provincial and Zonal Information Technological Centres.
  - Construction of a Computer Laboratory each equipped with 40 computers in the Mahindodaya Technological Laboratories.
  - Provision of computers and accessories for 4 National schools.

- Appointment and Training of Teachers
  - Recruitment of 628 Graduate teachers on school based system for teaching Information Technology in the year 2012/2013 for the first time in the history for 1000 Secondary schools.
  - Provision of training to 55 teachers for Graphics and Animation Courses 58 teachers for the development of web sites and 24 teachers for Hardware and Networking out puts.
  - Provision of training to 99 teachers as the members of the team of Computer Hardware and Networking Solutions.
  - Direction of 27 teachers for obtaining Degree Courses in Vocational Technological Universities in the year 2013 which has been targeted for Non-graduate teachers who teach the subject of Information and Communication Technology.

- Training on International Licenses, ICDL/CAL teacher training for 43,224 teachers, Higher standard Licence, and IPICT Teacher Training for 17,350 teachers, e – citizen training for 5828 principals and Educational Authorities and Intel Teach ICT training for 12,000 teachers has already been provided.

- Software Competitions
  - Awarding gifts and certificates after appreciating software creations of the two parties, teachers and students by conducting the Information and Communication Technological Champions 2013 in the National Level.
  - National Excellence Awards have already been provided to 439 schools after appreciating the software creations of the two parties, teachers and students through the software Designing Competition which is Co-ordinate by the EKSP Project.

- Learning Management Systems.
  - Facilitiation the accessibility to resources by students as well as teachers through School Net, e-thaksalawa, Web School Systems.
  - The design of the software for e - thaksala on Core Subjects related to grades 7 and 10 has been completed by 60%.

- Conducting of NVQ level courses in Zonal Computer Centres.
  - Taking action to initiate the provision of NVQ certificates to students who follow the subject of Information Technology in collaboration with the Ministry of Youth Affairs and skills Development.
4.6 Improvement of Tri Lingual skills of students.

4.6.1 Sinhala and Tamil mother Languages Education and the second National Languages Education.

The progress of programmes implemented for the improvement of skills in the mother Languages, Sinhala and Tamil and for the improvement of skills in the second National Languages.

- Finalizing the selection of winners of the All-Ceylon / National Sinhala Language and Literary competition—2013.
- Awarding Certificates to winners by conducting All—Ceylon Tamil Language Competition—2013.
- Awarding Certificates to winners by conducting the process of evaluating All-Ceylon second National Language.
- Completion of printing of “Nuwana” Education Magazine—2013.
- Completion of printing of “Koormathie” Magazine—2013.

4.6.2 English Education

- English Certificate Course was Conducted for students who left school for the duration of 100 hours under the programme of “English for All” programme.
  - 1,100 students of 27 of 30 Divisional English Educational Centers have successfully completed the course.
  - All-island English Language and Drama Competition.
  - Conducting with the participation of 1,150 children.
  - Lit Q English Literary Quiz Competition Rupavahini Programme for the students who learn the G.C.E (A/L) English literature.
  - Awarding of shields and medals for 3 winning provinces.
  - Upgrading the results obtaining for English Language in Secondary schools.
  - Printing and distributing of 1000 of Self Learning Kit.
  - Development of subject related knowledge of the teachers who teach the G.C.E (O/L) English Literature.
  - Conducting of a workshop for 85 teachers.

4.6.3 English as a Life skill

The progress of the programmes implemented with the co-operation of the special Initiative Unit of the presidential Secretariat with the leadership of the presidential Task Force on English and Information Technology for the development of English Leistering and speech skills of school students has been mentioned below.

- The award of marks by evaluating English Leistering and speech skills at the G.C.E (O/L) Examination from the year 2015 has been submitted to the cabinet of Ministers for the Approval.
- Launching of DVD package prepared for grades 10 and 11 in order to improve English Listening and speaking skills and distribution of 4,600 packages.
- Training of 366 English Teachers as resource persons of evaluating English Listening and speaking skills.
- Distribution of 25,000 of instruction manuals on Examinations on the English Language and Evaluation.
- Printing and distribution of 25,000 teacher instruments manual for improving English Listening and speaking skills of students in grades 6 and 11
- Distribution of Computers, Televisions and accessories for 27 schools.
- Arrangements have been made to establish 9 language laboratories for 9 provinces in order to improve language skills on Indian Aids and official inauguration of the Language Laboratory of the western province.
Conducting of All Ceylon/ National Social Science Competition — 2013 for the development of the knowledge of Children in subjects such as Geography and History which come under Humanities.

- Provision of a 10 day training for 1,050 teachers on English Listening and Speaking skills and introduction of Manuals of Teaching instruments for 5,000 teachers.
- Training of 1,120 Principals Deputy principals and Assistant principals and 1,000 teacher students of national Colleges through 37 of English Listening and speaking Education Courses with the duration of 100 hours.
- Training of 495 teachers through Provincial Centres for Excellent Language Education (CELE)

4.7 Improvement of Knowledge, skills and attitudes through Humanities.

- Conducting of All Ceylon/ National Social Science Competition—2013 for the development of the knowledge of Children in subjects such as Geography and History which come under Humanities.
- Making principals notified on the implementation of projects for upgrading results selecting 50 schools where results of the G.C.E (O/ L) humanities are low.

4.8 New approach for teaching Commerce Subjects.

Progress of the year 2013.

- Commencement of a college of Education on Commerce and Management.
  - Making arrangements to commence a college of Education for the production of commerce and Management Subject for the first time.
  - Strengthening the Commerce sections of schools.
  - Provision of Computers for Commerce Sections of 10 Selected Schools.
  - Establishment of school Commerce Laboratories obtaining the sponsorship of the Peoples’ Bank.
- Obtaining ideas from a Committee Comprised of scholars for the Curricular development
- Capacity Development Programmes.

- Co-ordination of orientation Workshops for new commerce Graduate Teachers.
  Provision of training on the novel changes in the Accounting Field for 150 G.C.E. (A/L) Commerce Teachers in Uva, North Central, Eastern and Sabaragamuwa Provinces in concurrence with the ‘Deyata Kirula’ National Exhibition.
  - Conduct of 3 Workshops for Subject Directors and Teacher Instructors.
  - Training of teachers by National Institute of Education for teaching all the Commerce subjects with the cooperation of the Association of Certified Chartered Accountants (ACCA).
  - Encouraging the regulation of school financial activities by selecting the best Annual Accounts Report of the national school and conducting the Accounts Competition and awarding prices in collaboration with the AATSL Institution
Agricultural Science is taught in school as a G.C.E (O/L) Technological Subject and G.C.E. (A/L) Major subject.

With the introduction of G.C.E (A/L) Technological Subject stream in the year 2013, teaching of Bio systems Technology was commenced in 251 schools. 4970 students had been selected for learning this subject in this year.

**Progress of the year 2013**

- Capacity Development programmes.
  - Training of 42 Agriculture Educational Officers for the regulation and Evaluation.
  - Orientation of 9, newly recruited Agricultural Science teachers with diplomas.
- Introduction of the subject of Bio system Technology.
  - Training of 250 Agriculture teacher instructors and 250 Agriculture teachers regarding the G.C.E. (A/L) Bio systems Technological subject.
- GLOBE Environmental Education Programme
  - Training of 80 teachers regarding Hydrology, Soil, Atmosphere and land corer studies.
  - Making 75 students and 16 teachers to students’ camp conducted in concurrence with world water day.
  - Allocation of financial provisions to Ga/Meepawala Amarasooriya Vidyalaya in order to establish a school Meteorological centre.
- Green school programme.
  - Preparation of a Instructions Manual for the implementation of Green school programme in 200 schools.
  - Appreciation of Nalanda college, Colombo and St. Thomas College, Matara by the science and Environmental centre of India under the Green school programme.
- Planting programme with the participation of students at the auspicious time of commencing work in the Sinhala and Tamil New year under the programme of we shall plant to day—harvest fruits tomorrow.
  - Conduct of the National festival at Ra/Seevali Central College.
- Establishment of the school Farm and Herbarium.
  - Establishment of farms in 200 schools.
  - Establishment of 270 school herbariums in Kegalle, Kurunegala and Puttalam Districts in concurrence with “Deyata Kirula” National Exhibition.
  - Establishment of herbariums in 120 schools selected.
- Landscaping school Gardens.
  - Landscaping of WP/HO/ Palannoruwa Central College.
  - Establishment of Farms and landscaping St.Thomas College, Matale in Concurrency with the world Environment Day—2013.
  - Improvement of infrastructure facilities of schools.
  - Provision of Equipment and furniture for laboratories for practical activities of the G.C.E. (A/L) Bio systems Technology subject.
  - Provision of agricultural equipment for 20 National schools.
  - Provision of GLOBE Environmental Educational Equipment for 20 schools.
4.10 Making Sports compulsory for every student.

8.1 Education for Knowledge Society Project (EKSP) – ADB Funded

The Education for Knowledge Society Project (EKSP) implemented as a project funded by Asian Development Bank (ADB) loan grants from the year 2007 was ended in the year 2013.

Total Investment Rs. M 11,267.00
Cumulative Expenditure Rs. M 9,265.92

8.1 Aims and Objectives

- Ensuring secondary education opportunities enriched with quality through the development of secondary schools in Divisional Secretary’s Divisions selected subject to hunger index
- Upgrading the provincial information technology resource centres as centres that enable the access to enhance the quality of information technology education and extended usage.
- Empowering the school to plan and implement the essential maintenance and repairs at school level
- Creating a culture of designing and implementing the quality education development programmes at school level by confirming the financial investment right, based on the performance with a view to certify education qualitative development compared to the large scale construction investments in secondary schools.
- Certifying an efficient and productive learning environment in secondary schools.
- Enhancing teacher – student skills to use the information and communication technology educational access as a learning – teaching material.
- Providing ‘Sisu Diriya’ scholarships in order to certify the continuous education opportunities of students in grades 10-13 with learning skills but with disadvantaged economic environments.
- Providing scholarships to give a qualitative hand for the future of the children who has deserted schools by extending their professional, social, leadership, skills and capabilities.
- Make the learning teaching process of teachers and students a pleasant occasion by providing educational software to school level.

8.1.2 Progress of year 2013

Allocations 2013 Rs. Million 2,148.00
Expenditure as at 31-12-2013 Rs. Million 1962.97

- Handing over the 28 schools in which the construction activities are completed to rights of the student with regard to the development of first 100 schools under the programme to develop 1000 Secondary schools.
  - 17 schools were handed over to students rights.
- Completion of construction of 40 schools and hand them over to the student rights.
  - Construction of 20 schools were completed and 90% of the construction work of 20 remaining schools have been completed.
- Development of sanitary facilities of 100 schools.
  - Construction work of 95 schools have been completed while 95% of the construction work of the remaining 5 schools have been completed.
- Awarding 3480 teachers’ training scholarships on ICDL/CAL for the teachers with regard to the Information Technology field.
  - 3223 have been awarded
• Development of 7 Provincial Information and Communication Technology Resource Centres (PICTECS)
  - Development of 5 centres and the remaining two centres are under construction and almost completed.
• Awarding, 7870 scholarship Licenses on International pedagogical ICT (IPICT) at Advanced Level for the teachers.
  - 6222 have already been given.
• Awarding e-citizen scholarship for 1400 Principals and Education Authorities.
  - 1221 have already been given
• Awarding Accelerated Scholarships to Enhance Skills (ASAP) of 132170 school leavers.
  - 10059 have already been given
• Awarding scholarships under Tourism Sector Training Scheme (SPTB) for 7600 school leavers.
  - 7490 have already been given
• Awarding scholarships to provide short term vocational training programme (SPTP) for 4000 school leavers.
  - 3881 have already been given
• Awarding 5000 scholarships of Vocational Training (FFSS) for the school leavers after G.E.E (A/L) Commerce subject stream
  - 3255 have been awarded.
• Awarding 3000 training scholarships to enhance the vocational skills for 1000 teachers of secondary schools (EPASS)
  - 946 have been given
• 1400 secondary schools have been given Schools Development and Maintenance Grants (SDMG)
  - 1370 schools have been provided with
  - A bonus amount have also been granted at school level based on the performance of year 2012
• Providing Special Development Finance Grants (SDFG) for 104 secondary schools under 1000 schools programme
  - All 104 schools have been granted.
• Providing computer accessories, furniture and laboratory equipments for 30 schools under the programme to develop secondary schools.
  - Completed
• Providing G.C.E.(A/L) laboratory equipments for 45 secondary schools
  - Completed
• Providing Computer accessories, furniture and equipment for SLIATE institution.
  - Contracts have been given
• Providing Bio-technology Equipments for 105 schools to which Technology subject stream was introduced.
  - Contracts have been given
• Providing Engineering Technology equipments for 105 schools to which Technological subject stream was introduced.
  - Contracts have been given

The investment for this project by the Asian Development Bank and the Sri Lanka government is Rs.2148 million in year 2013.

8.1.3 Education Sector Development Programme (ESDP)
Education Sector Development Programme 2013-2017 was introduced following the new methodology of providing the aids of Asian Development Bank without the basis of projects but through a process of financial supply based on the results. This programme is for strengthening the Education Sector Development Frame work and programme (ESDFP) and the total investment in that is Rs.26000 million.
8.2 Transforming the school Education System as the Foundation of a Knowledge Hub project. (TSEP) – World Bank funded programmes.

The project to transform the school system as the human capital foundation for the knowledge economy is implemented under the theme of Education Sectoral Development Framework and Programme with the funding of the World Bank and US Aids. Releasing Financial Provisions is performed on the progress of the performance indicators (DLI) identified for the purpose.

Theme 1: Increasing the access and participations for the primary and secondary education.

- Development of physical resources, training of Principals and preparation of learning materials under the accelerated programme of enhancing learning environments in primary and secondary schools.
- Providing opportunities for English, Mathematics, Science and Information Technology through the construction of Mahindodaya Technological Laboratories in secondary schools.
- Establishing school management committees for retaining students in the primary and secondary learning stages.
- Extending non-formal education opportunities.
- Increasing facilities for children with special education opportunities.
- Implementing health promotion and nutrition programmes for children in the schools.
- Establishing formal vocational consultancy and guidance services.

Theme 2: Education Qualitative Development

- National evaluation on the performance level of first language English and Mathematics of students in the 4th grade.
- National evaluation on the performance level of English, Mathematics and Science of students in the 8th grade.
- School based teacher development programme.
- Preparation of a study framework with the subject contents and language integration for bi-lingual education.
- Diversification and development of the syllabus.
- Enhancing the quality of the school text books.
- Promotion of social reconciliation.
- Using the result analysis relevant to the major examinations for the education development.
- Renovation and extension of the programme to ensure the standards and quality.

Theme 3: Good Governance and Supply of Education Services.

- Implementation of School Upliftment Programme.
- Principals’ leadership and management training.
- Capacity building of the school development committees.
- Strengthening the education management at provincial zonal and divisional levels.

Progress of the programmes implanted in the year 2013.

Primary Education

- Child friendly schools and primary education development programmes.

Bi-lingual Education Programmes.

- Implementation of subject language integration learning access and concept framework.

Information and Communication technology Education.

- Creation of subject oriented software for e-thaksalawa.
- Preparation of requirements to initiate NVQ course in zonal computer resource centre.

Mathematics Education

- Mathematics Education remedial programmes
- Development of Mathematics Laboratories
- Capacity building of Mathematics subject

Non-formal Education

- Capacity building of non-formal education employees.
- Review of special education programmes and capacity building

Science Education

- Upgrading the results of Science subject in schools with lower performance levels.
- Purchase and distribution of science material for schools.

Assurance of standards

- Development of internal and external evolution
process of schools

Technology Subject Stream
• Capacity building with regard to the introduction of new Technology subject of G.C.E. (A/L)

Subject parallel activities
• Strengthening the school guidance and consultancy activities.
• Inter-ethnic friendly schools programme

Development of Human Resources
• Capacity building of officers of Sri Lanka Education Administrative Service.
• Preparation and issuance of an instruction manual and the responsibilities and duties of zonal and divisional education offices.
• Capacity building programmes for provincial directors of education and the zonal representatives of school upliftment programmes.

Estate schools development
• Programmes for development of primary and secondary Education of students of Estate schools

Policy and planning
• Implementing and printing the mid term plans and annual implementation plan

8.3 Programmes which received other foreign aids.

UNICEF Grants.
• Child friendly schools and primary education development programmes.
• Introduction of the action plan on non-schooling children.
• Training of 104 literacy instructors’.
• Development of school education term test evaluation process
• Preparation of a national policy on pre school education

Indian Government Grants
All measures have been taken by the Indian High Commission to construct language laboratories for 9 provinces and Rs. 9 million has been disbursed to the Ministry by now.

GIZ Grants.
• Peace Education Programmes.
• Teaching of Second language.
• Students Guidance and consultancy.

9.4 Actions to Upgrade the Student Performance.

A number of special programmes have been implemented in the year of 2013 as follows to upgrade the student performance levels at the G.C.E. (O/L) Examination.

- Timely distribution of text books.
- Print and provision of teacher’s instructions manuals and syllabuses.
- Encouraging all the parties to enhanced the results through the distribution of analysis past examination results.
- Conducting examination rehearsal tests.
- Printing the past question papers and coping them to CDs so that they can be obtained easily.
- Conducting seminars for students.
- Broadcasting programmes in the media.
- Providing access facilities for learning resources through the internet.
9.5 National Evaluation on Student Performance in Grade 8

The performance of the subjects of English, Mathematics, and Science is measured. Conducted by the Ministry of Education combined with the Education faculty of the University of Colombo and its affiliated body National Education Research and Evaluation centre (NEREC). Though these evaluation results are used to educate all the parties engaged in the development of the learning process. The following table points out the percent age of students scored more than 50% from each subject as per the programme to measure the students performance of grade 8 in the year 2012.
