AVERAGE EVALUATION MARKS OF EACH EVALUATION FIELD

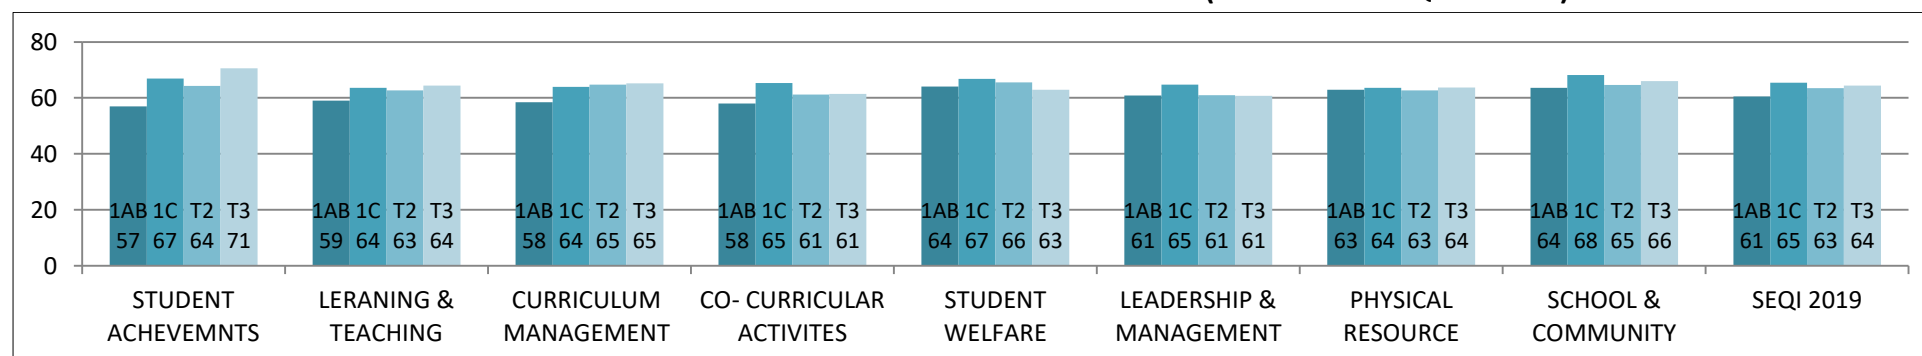

The following graphs shows average marks (Mean value) of each evaluation field, calculated according to the sum of evaluated marks earned by each school of the zone. Average marks have been displayed as school types of the zone. School types are indicated as 1AB, 1C, Type 2 (T2) and Type 3 (T3).

For further research purposes, Standard Deviations (STD DEV) of SEQI values are provided for each zone. It will be useful to see anomaly of quality of school education and scattering of marks given by evaluators.
