Annual School Census of Sri Lanka

Final Report -2022
Ministry of Education

Annual School Census of Sri Lanka

Final Report - 2022

Ministry of Education

Prepared by Statistics Branch of Ministry of Education of Sri Lanka

PREFACE

Accurate information, undoubtedly, is an essential tool to be used in the processes of policy-decision making. Moreover, information is widely used in monitoring and evaluation of the performance of education systems. The Statistics Branch of the Ministry of Education has conducted school censuses on an annual basis, during past five decades and those have become the major source of statistical information in the general education sector in Sri Lanka. Information gathered in the school census have extensively been used by the educational planners, development partners, policy analysts and researchers in diagnosing trends, strengths, weaknesses, gaps and needs of the education system and in formulation of educational policies and plans, designing development-partner assisted projects and sector-wide programmes which have contributed largely to the improvement of the quality of the education system.

The Department of Census and Statistics (DCS) is extending its valued collaboration to the Ministry of Education in carrying out annual school censuses. Also, the officers of the Ministry of Education, national level departments and institutions, provincial departments of education, zonal education offices, divisional education offices, schools and the piriven are actively contributing to this exercise. On behalf of the Ministry of Education, I would like to express our gratitude to the DCS, Provincial Directors of Education and senior officials, Deputy and Assistant Directors of Education of nine provincial departments, 100 education zones, 312 education divisions, Piriven education branch, private school branch, non formal and special education branch heads, census coordinators and principals and staff of all government, private and special schools and heads of Pirivens for their cooperation which was much more helpful in conducting this exercise successfully.

This publication is organized and prepared by the Statistics Branch, a part of the DCS, operating under the Policy, Planning and Review Division of this Ministry. I am thankful to the Senior Statistician and the staff for their hard work in gathering, organizing and analyzing data and for bringing out this publication. We have also taken steps to publish this on the official website of the Ministry of Education (www.moe.gov.lk) and on the official website of the Department of Census and Statistics (www.statistics.gov.lk)

I sincerely hope that this publication “Annual School Census of Sri Lanka Final Report 2022” would be of immense use to policy makers, planners in education and the researchers in educational pursuits. We also welcome the users’ suggestions and views with regard to the coverage of data, analyses and the publication as we honestly consider that those will definitely be helpful for further improvements of the related processes.

Udara T. Dikkumbura
Additional Secretary (Policy Planning & Review)
Ministry of Education
“Isurupaya”
Battaramulla.
